HT-1250

The HT1250 portable radio is an essential tool for growing organizations because of its unique versatility. The radio offers a full menu of advanced signaling features including paging or calling selective radios or groups. Users can store information such as phone numbers, call lists and radio IDs for easy access. And with Motorola's unique X-Pand technology, audio clarity is superb – even in noisy surroundings. The large LCD display is extremely helpful in large communication networks, and an important feature in critical situations. The radio of choice is the HT1250 portable. It's the radio that changes with your needs.

PR-1500

The Motorola PR1500™ Portable Two Way Radio offers a high level of durability, range and audio sophistication for those who need reliable communications in the toughest of conditions.

- full audio quality customized to meet individual preferences and listening environments
- wide geographic operating area
- improved reception range and signal receptivity
- ergonomically designed
- bigger knobs and controls for use with heavy gloves
- meets U.S. military specifications and Motorola standards for durability and reliability.

CDM-1250

Perfect for growing organizations, the flexible CDM1250™ two-way mobile can readily expand to meet rapidly changing business needs. The large 14-character alphanumeric display with user-friendly icons helps make information easy to understand. A full range of signaling capabilities lets you instantly see who's sending you transmissions, notify others you're trying to reach them even when they're away from their vehicles, and program your radio to call a specific group or individual. The versatility of the CDM1250 mobile helps you keep productivity at its highest, no matter how fast your business grows.

PM-1500

For efficiency, safety, and productivity, you need to stay connected. That's why the Professional Series PM1500 two-way mobile radio from Motorola features built-in quality and performance. 110 watts of power means robust longrange communications, and the PM1500's rugged housing and standard external speaker make it dependable on the job. You'll appreciate the user-friendly controls, backlit alphanumeric display and programmable buttons for easy access to favorite features.
